

JSC BELGRADE NIKOLA TESLA AIRPORT

No.: 2300

Date: 15. 04. 2014

SUBJECT: Additional information and clarification for the public procurement in open procedure No.90/2013 "TOW HITCHES FOR BAGGAGE AND CONTAINER DOLLIES"

Dear Sirs,

Acting on the request of the Tenderer who has taken over the tender dossier in accordance with Article 63 of the Public Procurement Law ("Official Gazette of the Republic of Serbia" No. 124/12), we forward further clarification of the tender dossier for the public procurement No. 90/2013.

Question 1:

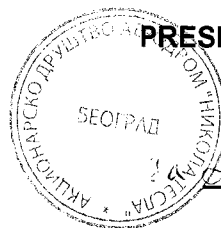

Does statement form (p. 12) should be provided by all the Tenderers who are unable to obtain the necessary evidence in accordance with Article 75 and 76 of the Law on Public Procurement? If we have all the evidenced required it is necessary that form is certified before a court or administrative body or signature of the Tenderer is sufficient?

Clarification: Statement on page 12 of the tender dossier is to be completed only by Tenderers who are based in a foreign country and that in the case that certain documents are not issued in that state. Tenderer whose head office is in the Republic of Serbia shall submit evidences listed in the Template 4.1, item 1) to 5).

Question 2:

Should the price structure template be submitted for each item (tow hitches, mounting kit), and within the column price structure elements should the offered price be broken down or should it be completed in another way?

Clarification: Tenderer must fill in price structure template so as to include all items in the specifications and special items, that means separately item "tow hitch" and separately item "accessory kit for mounting". For each of the items should be given at least as much data as specified in the table of price structure template.

PRESIDENT OF THE COMMITTEE

Derviš Kerić
