Subject: Additional information and clarifications for public procurement in open procedure "BAG MESSAGE SERVICE – BMS" no. 48/ 2013

Acting upon request of the Tenderer in line with the article 63 of the Public Procurement Law, we are forwarding a clarification of the tender documentation for the public procurement in open procedure no. 48/2013 "BAG MESSAGE SERVICE – BMS".

Question:

Section 11, p43, Guarantee Template of the contract draft, Addendum 1 requests that a "bank guarantee for an amount of 5% of the value of the tender for BEG Baggage Service BSM as a performance bond is required". Whereas in the Addendum 2 on the page 44 in the performance bond template it is stated "10% of the total contracted amount for information system and initial set up of information system."

What is the correct percentage value for the bank statement and performance bond?

Clarification: Purchaser will amend English version of Tender documentation.

Question:

The Bank Statement and the performance bond validity in the draft contract is described as follows:

"This bond has validity period 15 days longer than the delivery of goods from the beginning of information system set up."

The Bank requires exact dates in order to issue the Bank Statement and guarantee for the performance bond.

The submission date is 20 Jan 2014. The mandatory requirement is to be ready with the initial set up delivery of goods within 45 days after the contract signature.

Tenderer wishes to confirm how much time to consider for the contract signature after the submission of our proposal on 20 Jan. 2014

If this contract, which is part of the RFP documentation and pre-agreed, is due to be concluded within 15 days after the proposal submission date on 20 Jan., it means that the contract signature will take place on 4th Feb 2014.

The initial set up of the BagMessage solution will be delivered 45 days after this, on 21st of March 2014 and therefore 15 days longer for the Bank Guarantee would be 5th of April 2014.

Please confirm that Tenderer can use for the validity of the bank statement, respectively for the performance bond the date of 05th of April 2014.

Clarification: Purchaser cannot provide exact dates for the validity of bank statements and performance bonds.

Question:

Addendum 3 and 4 on page 45 and 46 of the BEG tender document for advance payment - Tenderer does not intend to charge in advance the project management, implementation, delivery, initial set up, activation, testing etc. Tenderer plans to charge only a monthly flat fee over the 36 months contract term after the initial set up is delivered to BEG within 45 days after contract signature, not later than 21st of March 2014.

Please confirm that in that case, Tenderer is not required to provide any bank statement or guarantee for advance payment.

Clarification: In the Template 5, Instruction to tenderers, section 2 Tenderer content, it is defined that tenderer must submit „Bank statement on issuance of Advance Payment Guarantee (Template 11, Appendix 3) only in case that Tenderer requests advance payment”.
